Dear friends of Schirmer/Mosel books,

E English-only edition

All other titles
two or more languages
(plus German, French,
Spanish, Italian texts)

this is our first catalogue of available Schirmer/Mosel books with English and French texts, in addition to the usual German language versions. Given the increasing international interest in our books and their subjects, we will strengthen this field of our production in the future.
A second supplement to our complete catalogue, it lists a total of 141 titles in print with English and French texts. Some of these texts come in separate English or French language editions, others are part of original bilingual or trilingual editions. Visually, our books speak for themselves.
Originated in Munich and produced by a number of carefully selected printers and binders around the world, Schirmer/Mosel should also be distributed in all good bookshops of the world.
To make things easier and more convenient, we have decided to assemble our foreign language program for the first time in a special international catalogue.

Lothar Schirmer
Publisher
Munich, June 2026

Wishing all of you in the book trade and your customers much pleasure, joy, and success with high-quality Schirmer/Mosel art books, I'm pleased to present you our International Catalogue 2026.
